Seeking Prospective Board Members

October 2025

The Friends of Stevens Creek Trail seeks to enhance our Board of Directors. If you have a desire to shape the future of our local trail system, drive the work that improves the wildlife habitat, or just want to get involved for that feeling of giving back to the community, we want to hear from you.

We typically don't induct people directly onto the Board right away. The process of determining your interest starts by getting more involved. We have tasks in many areas depending on the skills you will bring:

- Communications: social media, creative writing, graphic design, web design
- Community Outreach: tabling experience, advocacy, hosting small events (<20 people), volunteer management
- Financial: accounting, bookkeeping, fundraising
- Administrative: meeting minutes management, procedure writing, database management
- Planning and Implementation: our most visible projects, like the annual Trailblazer Race, or large events where we play a significant role
- And a number of other small projects.

By getting involved more deeply with the operations of the Friends, we also invite you to attend our Board meetings, held every other month, as a guest. After some time working with us, you may decide that Board membership is right for you. At that point you will send us your resume and answer a few questions about your interests. We will quickly schedule a meeting with you. The final decision to induct you on to the Board is made by our current Board of Directors.

If you have an interest in starting with one of our projects and learning more about the path to Board membership, contact our Executive Director, Rajiv Mathur, at ed@stevenscreektrail.org.
